

Hillside Animal Sanctuary

2022 Newsletter

With Gift List

We continue to give sanctuary to horses and ponies who, through no fault of their own, face an uncertain future in stray horse pounds around the UK. This is Tiny, a little pony colt, pictured while at a pound, who was brought to the safety of Hillside. Here he received all the necessary treatments - de-worming, vital vaccinations and was gelded - before he joined new pony friends in the Sanctuary.

WAITING FOR RESCUE...

Now safe in the Sanctuary...

Hillside Dog Rescue...

The pandemic has brought many challenges. Read how we're managing to look after so many rescued dogs and about our recent Kennel Appeal...

13 Donkeys Arrive From Another Sanctuary...

When their founder sadly died, we were pleased to be able to give these elderly donkeys a home at Hillside...

And lots more, including...

- Many Wildlife Rescues
- Our latest Farm Animal Investigation
- Enter our 'Spot the Goat' Comp
- Caught on camera... Who's in the feed shed?!

THANK YOU ALL!

Nicholas' Sponsored beard shave

So many people have very kindly fundraised for Hillside over the year. It would be impossible to list them all here so this is just a few of the many wonderful people to whom we are so very grateful!

Dear Friend,

A MESSAGE FROM OUR FOUNDER...

I want to tell all our supporters just how grateful I personally feel for their generosity which has enabled Hillside to continue giving sanctuary to and caring for, so many rescued animals. I was brought up by parents who taught me to 'waste not, want not'. Since founding Hillside, it's with this philosophy that we have always been able to make 'a little go a long way' and look after so many more animals per pound donated than most would expect. Staff here will tell you that they are constantly reminded to be aware of not wasting valuable resources such as electricity, water and any animals' food. And, always to work out the shortest driving route to save fuel and time.

Although since the start of Hillside these have always been my policies, with the events of recent months, it becomes even more vital to become as cost efficient as possible. In addition to helping to combat recent price increases, there are so many reasons now to reduce our use of these resources including helping the environment and lessening dependency of imported oil and gas. So, although we always do our best to be efficient and minimise costs, with the prices of just about everything escalating, we are facing a huge increase in expenditure for just about everything we need for the animals over the coming months.

It is mainly general feed and care donations which keeps our animals well fed and in good health but when we need to provide extra, or update existing facilities for the animals we have to appeal to our supporters for these special projects. So, a special thank you to everyone who has supported our recent appeals for new barns, veterinary unit flooring, straw spreader and dog kennels. As you will read, all appeals have been successful with new kennels planned for the summer.

SO, our most pressing need now, after having faced massive winter feed bills, to help us continue looking after the animals, is the availability of funds for 'day to day running costs' which are raised by General Donations. Thank you for caring...

Wendy Valentine

(Founder)

If you would like to help by making a GENERAL DONATION, all contributions, however small, will be SO gratefully received...

**You may donate on the back page

DONATION HELPLINE

01603 736200 (9am-9pm 7 days)

From Winter Accommodation to Summer Grass...

Many of our rescued horses, ponies, cows and sheep spend the colder months safely tucked up overwintering in barns.

In the spring, they look forward to going out to graze for the summer. However, before this can happen our staff are very busy preparing them for the season ahead. All the horses are dewormed, foot trimmed and very importantly have their annual Equine Influenza booster vaccinations to protect them against 'Flu (and Tetanus every third year).

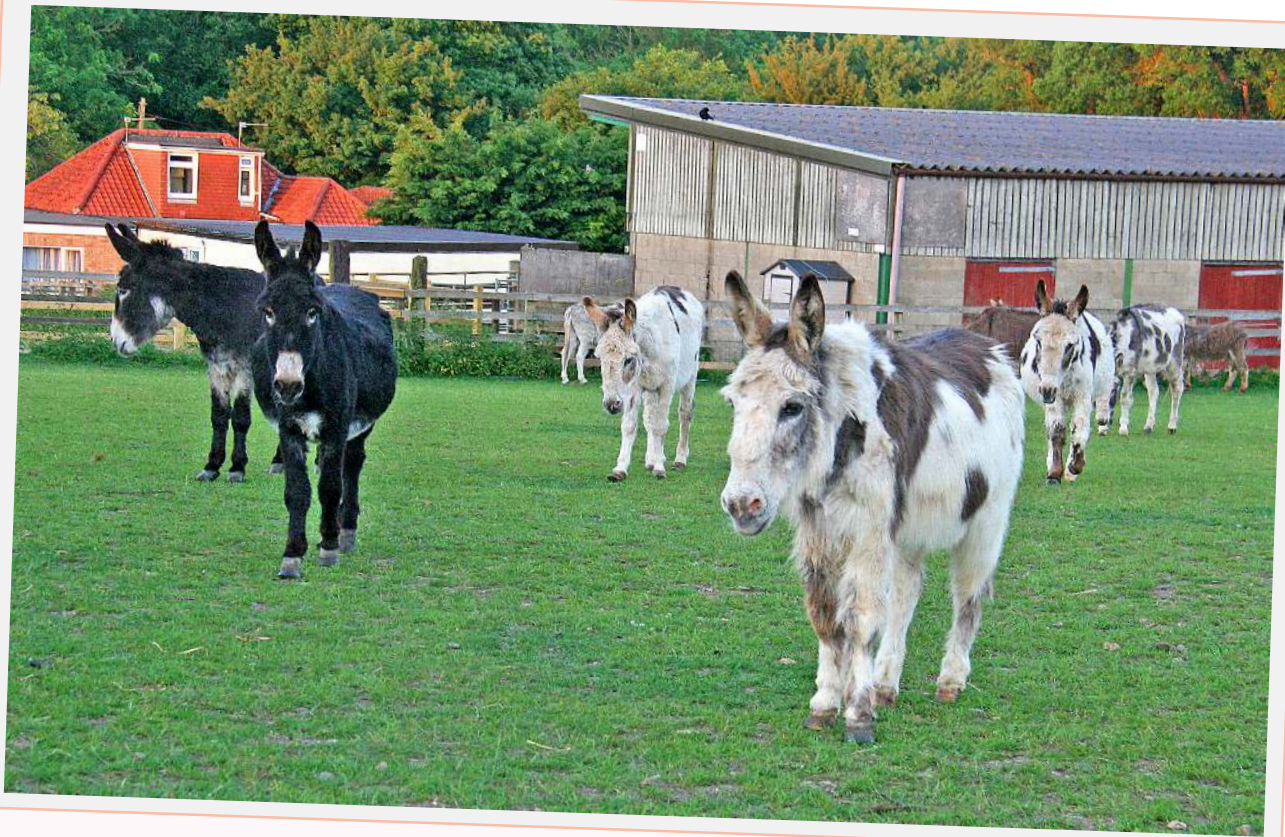

Having first hand experience of the human pandemic, everyone will be fully aware of the importance of vital vaccinations. Like COVID-19 in people, Equine Influenza is a life-threatening disease of horses, especially for older equines and donkeys. This is why we always ensure they are all properly immunised. Pockets of this deadly virus are always around, but only hit the headlines when it affects the racing industry.

A single injection would cost an average horse owner £50 per animal but, you will be relieved to know, because we order in

bulk, it costs Hillside just £20 per horse. A big saving, but as you can imagine, with over 2500 horses, ponies and donkeys to vaccinate, that is still a lot of funds for us to raise to keep them all safe.

We are so grateful to everyone who kindly donates to help us meet this expense, to keep our animals healthy and safe.

Donkeys Arrive at Hillside as Sanctuary Closes...

We were pleased to welcome thirteen donkeys to Hillside from Fluffsfeld Donkey Sanctuary in Scotland after the Sanctuary founder, Theresa Harrison, sadly died. Over the years, Theresa had rescued many beach donkeys and others where their owners could no longer care for them. We are pleased to tell you that Bumble, Geronimo, Theo, Daisy, Harvey, Digger, Charlie, Pepper, Davey, Donovan, Fern, Bouvier and Shamrock all arrived safely and have settled in well. We are so happy to have been able to offer them a home.

FROM KIND DONATION TO CONTENTED MUNCHING...

While Mary the llama was wandering around the Sanctuary she was caught on camera having a look in the small animals' feed shed at Hillside Shire Horse Sanctuary at West Runton. All good things come to those who wait, Mary...

I wonder what they keep in here?

Helping, and campaigning
for, animals in need...

Be a 'Friend' of Hillside Animal Sanctuary

When I founded Hillside in 1995, lots of people pledged their support by joining us as 'Friends' of Hillside. Many of those have continued to follow our journey from the early days until now.

If you would like to become a Hillside Friend, we suggest a minimum of £10 yearly for annual Friendship (you will be offered the chance to renew each year) or £100 for Life Friendship. Whatever you choose to do, you may request a plaque to be included with your Friendship Certificate.

And Lots of Other Animals...

Running For Our Animals...

Jo who was a valued member of staff, also a volunteer, with the Sanctuary from 2014 to 2021, raised much-needed funding for our animals by running a 26.2 mile marathon with some of our rescued dogs on her birthday. . .

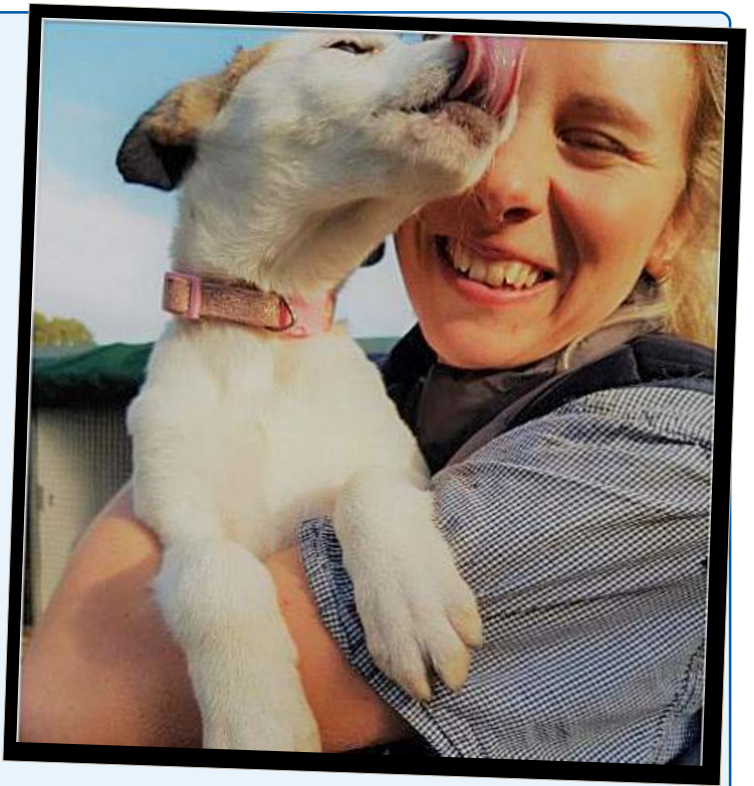

Jo said..."2021 was a difficult year for us all, myself included, as I had to have major surgery at the end of the year. I see every day the incredible work that goes on at the Sanctuary in all weathers to keep the animals safe and loved and I just wanted to give something back.

I wanted to honour Random Acts of Kindness Week and do something positive on my birthday so I decided to run a marathon with the rescued dogs at Hillside Animal Sanctuary. The Sanctuary houses thousands of unwanted farm animals and horses and has a large dog rescue facility which relies on donations only, which were hit hard in the wake of COVID-19.

I have seen the difficulties for both the animals and the staff in this particularly wet winter and for the Sanctuary in terms of raising funds. I also wanted to draw attention to the many dogs awaiting their forever home and the hard work of all the staff at the Sanctuary to keep them safe and loved."

The challenge saw Jo run the 3km track around the Sanctuary 14 times with various dogs in turn. The donations went towards the huge costs of feeding and caring for the thousands of animals living at the Sanctuary.

Thank you so much Jo, we wish you well for the future.

Here's our new straw spreader in action. It has significantly speeded up the time it takes to 'bed in' the animals in our new barns. We are so grateful to our supporters for kind donations which enabled us to purchase this labour saving machine.

OUR NEW STRAW SPREADER...

HILLSIDE DOG RESCUE

Tegan, Emily, Laura, Emma and Amena

Hello from Hillside Dog Rescue!

What a busy year it's been! During the pandemic we have continued to do our best to go above and beyond, to make sure all our lovely dogs have the best life possible until we can find them a loving family home. We currently have 40 dogs in total, 10 of these being long-term residents.

Since the pandemic, as people have gone back to work, we have noticed a huge increase in the number of requests asking us to take in dogs. Many of these are suffering from separation anxiety. We work hard to gain the trust of new dogs and to provide them with a fun and enriched environment. Many of our rescues have had a hard start in life, so it can take a lot of time and patience to

work through their issues. Our work is rewarded when they start to show their true characters and learn to trust us! Seeing a nervous dog wagging his tail for the first time, genuinely happy to see us, makes it all worthwhile. They all enjoy their time out in the fields where we can assess, train and simply just play with them.

You may recall that in January we put out an urgent request for bedding which featured in the local press and even on radio! I would like to personally thank all the many people who donated, the response was amazing, and all of the dogs were over the moon with their warm cosy beds!

We recently sent out a 'Kennel Appeal' to help replace and renovate some of our more 'worn out' doggy accommodation which has given a home to thousands of dogs over the years. Thank you so much to everyone who has already donated to help us with this. We're looking forward to building new kennels and upgrading fencing and paddocks. We'll be sure to send you pictures when it is all completed.

We're so grateful to everyone who kindly supports our work by donating and of course to the wonderful people who have given a loving home to our rescued dogs over the years. *Best wishes*

Amena

You may be interested to know that all our animals, including our rescued dogs, benefit from seaweed supplement added to their food. A natural source of iodine, amino acids, vitamins and minerals, seaweed is suitable for all animals, from horses to budgies. Seaweed naturally enhances health and wellbeing by improving stamina and the structure of teeth, beaks and bones. It also aids digestion and helps to build muscles and keeps coats, feathers and skin in optimum condition.

You may order 1kg Organic Seaweed (£12.95) on back page...

Drummer and Sooty...

As you may know, at Hillside we have over 2500 rescued horses, ponies and donkeys and each one has a story to tell...

If you are a long-term supporter or have visited us on Open Days, you will probably remember our dear little Sooty. He is pictured above on arrival, along with his inseparable companion Jack the donkey, back in 2006.

Below are pictures of him and Jack, after his recovery, through the years at Hillside. And, you may even remember the pair (below) featured on our Christmas Cards.

Drummer is just one of those. He came to the Sanctuary back in 2015 when he was rescued in an appalling condition. You can see him above just before his rescue surrounded by poisonous ragwort. He is pictured below last summer grazing with his best friend, Julie. Although his previous owner wasn't prosecuted for neglect, he was later charged and received a two-year ban for neglecting another horse seized by the Authorities. That

ban ends this year and this serial horse abuser will be able to legally 'care' for equines again!!!

Although now elderly, Sooty is still enjoying his life at the Sanctuary with his friend, Jack...

**PEACE
FOR ALL**

It is very distressing to see the dreadful suffering of people and animals in Ukraine. Throughout the terrible violence and destruction, incidents highlighting the remarkable courage of those who have tried to protect their family and pets have shown how strong the bond between people and animals can be.

Our heart goes out to those caught up in this terrible conflict and we truly hope there will soon be peace.

WILDLIFE RESCUES

Oh, my Lola...

This disabled crow was found and although she seemed generally well in herself, she was unable to fly and so couldn't be released back into the wild. We found her a home with two of our supporters who welcomed her in to their home to become 'one of the family' as they had done with other corvids before. They told us "It's impossible to sex a crow so we called her Lola after the song by The Kinks from long ago! She is a fabulous mimic of noises, especially laughter... (ours!)"

We leave the cage door open and she happily hops around the kitchen under our feet. Pooping everywhere!!"

We went to the aid of this **baby otter** who had been found by the roadside in a dehydrated state. We took her to a specialist vet who successfully treated the little kit. From there we took her to an Essex wildlife centre who already had another kit she could grow up with and be released back into the wild together.

He is now recovering well at the Sanctuary...

Deer in Trouble...

This poor Muntjac found himself in a jam. Fortunately for him, his screams alerted the householder who

Stuck! This poor deer was trapped until help arrived...

discovered him, upside down, securely lodged between a wall and a shed. We went out to help him and he's now settled in well with some of our other rescued deer.

Lost in the Storm...

This is little Storm, a newly-born **Muntjac fawn**, who was found sadly separated from his mum in the middle of a road during March's strong winds. For the first few days he received two-hourly feeds around the clock and lots of TLC in the Sanctuary. He continues to recover well and is growing up with another young female Muntjac who was also rescued as a newborn fawn a few weeks earlier. They just love to play and chase around together and, when the time comes, they will go out to live in the garden with other deer who have been mainly rescued, having been injured in road traffic accidents.

We were alerted to the plight of this **injured swan** whose feet were so badly tangled in fishing line that his toes couldn't be saved. He now lives contentedly with other rescued swans on our pond at Hillside Shire Horse Sanctuary from where he is free to come and go as he pleases.

Here's another **deer in a jam**, this time wedged in a gate in an isolated area. He had been there for at least two days and was very dehydrated .

To make matters worse, while stuck there, there were obvious signs that he had been attacked by other animals. Although he is a wild animal, he was clearly very happy someone was helping him. He is now at the Sanctuary recovering from his ordeal.

A Short Film About Wendy...

The Unbound Project asked BAFTA winning filmmaker Alex Lockwood to create a short character piece about our founder, Wendy Valentine, and her life's work at Hillside helping animals in need. If you'd like to watch it, please scan the QR code with the photo app on your smartphone.

WINTER AT HILLSIDE...

The staff at Hillside work incredibly hard keeping our many rescued animals well-fed and content through the challenging winter weather. When it snows, things get even harder, but it can be very pretty! Here's some snowy scenes from the Sanctuary...

H&M LAUNCH 'CO-EXIST' FASHION RANGE WITH THE HELP OF HILLSIDE'S RESCUED ANIMALS...

We were thrilled to welcome fashion clothing company H&M to Hillside, to help them promote their new 'Co-Exist' vegan fashion range. Our rescued animals enjoyed being photographed with the models and everyone agreed that animal skin looks much better being worn by animals than humans! We wish H&M every success with their animal friendly clothing range. If you would like to know more about H&M's 'Co-Exist' you can scan the QR code with your smartphone...

TERRIBLE CONDITIONS FOR PIGS...

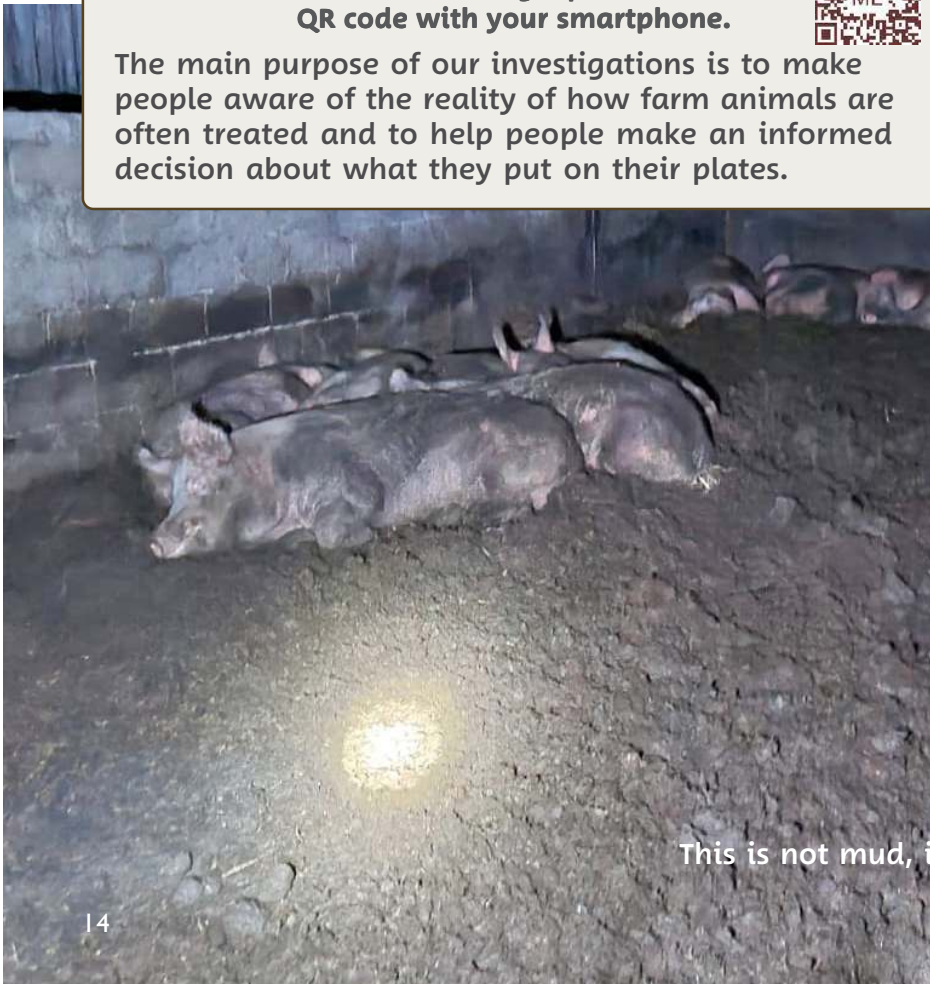

Following a tip-off from a member of the public, Hillside's Farm Animal Investigators recently visited a Norfolk pig farm. Their undercover footage shows pigs being kept in an appalling state. There was no straw for bedding, or any legally required dry lying area, forcing the pigs to exist on piles of their own excrement. Water drinkers were often blocked or empty, leaving the poor pigs seriously neglected.

The farm supplies pigs to Suffolk based company 'C&K Meats', who have boasted of their 'Passion for provenance and quality' and have been awarded many accreditations including Red Tractor, RSPCA Assured and BRC Grade A.

To see our footage, please scan the QR code with your smartphone.

The main purpose of our investigations is to make people aware of the reality of how farm animals are often treated and to help people make an informed decision about what they put on their plates.

This is not mud, it is pig excrement...

The new floor being completed...

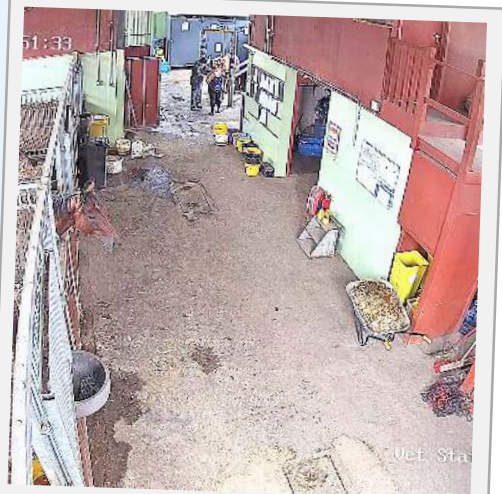

Vet Station

VETERINARY FLOORING APPEAL

Last year we appealed for funds to completely renovate our Veterinary Unit floor. The existing flooring had been in place for many years, but was no longer fit for purpose as it had worn through and lifted in places, rendering it very hard to keep hygienically clean and safe.

The best quotes we received were around £16,000 for removing the deteriorating rubber matting and replacing it with a similar hard-wearing coating which will stand up to, and be safe for, the animals' hooves, especially the heavier horses and cows.

Above, you can see the finishing touches being applied and our Veterinary Unit is now back in operation. Thank you so much to everyone who donated to make this possible.

The old flooring was no longer fit for purpose...

1st Prize:
£500

2nd Prize: £250
Plus:
10 runner-up prizes of
£50 Hillside
Gift Vouchers

Please enter Hillside's
'SPOT THE GOAT'
Competition

Closing date: 29th July 2022

When this picture was taken of some of our rescued goats, there was an extra goat in the picture. Use your skill to judge where the 'missing' goat may be and mark with a cross. There is no limit to the amount of crosses you may enter on this form. The crosses nearest to the missing goat's nose will be eligible for the prizes.

The proceeds from this competition will help provide funds to feed and care for our resued animals.

Good Luck!

- A donation of £1 is requested for each cross placed.
- Unlimited crosses per entry allowed.
- Multiple entries per person/household are allowed.
- The closing date for this competition is **Friday 29th July 2022.**
- Winners will be notified by post after the closing date.
- To save costs, receipts will not be issued for competition entries unless specifically requested and accompanied by a SAE.
- This competition is not open to Hillside employees, their families or associates.
- Damaged, defaced, illegible or incomplete entries cannot be entered.
- No responsibility can be accepted for any entries lost, delayed or damaged in the post.
- Proof of posting is not proof of delivery.
- Entries received after the closing date will be treated as a kind donation to Hillside Animal Sanctuary.
- Hillside's decision in the outcome of this competition is final.
- It is a condition of entry that all competitors agree to abide by the terms and conditions.
